- We believe people who have overcome their own personal problems have an invaluable knowledge and skills base.
- We maintain quality through accreditation and strong leadership.
- We have a well established evidence base.
- We have experience of delivery in private, voluntary, statutory, adult, young peoples, back to work, drugs and alcohol and criminal justice sectors.
Who we are?

Intuitive Thinking Skills is a national, PEER LED organisation that delivers simple, practical and empowering self help education right at the heart substance treatment, Back to Work, E.T.E, Criminal Justice, Housing and Prison partnerships across England and Wales. Our ethos and programmes have evolved and developed from the LIFE EXPERIENCES of people who have overcome significant substance, health and or social problems and more importantly how they ACQUIRED, TRANSFERRED and APPLY PRACTICAL SKILLS to achieve enduring CHANGE. We are commissioned to work alongside existing providers to skills individuals to utilise existing services better. Through partnership working and the contribution we make to successful and sustained outcomes we have gained a strong voice across England and Wales. Our message is simple “WE'VE BEEN THERE AND GOT THE T-SHIRT” - indeed we truly understand change.

Our values

Through BUILDING RELATIONSHIPS, UNDERSTANDING NEEDS and PROVIDING BETTER SERVICE we provide people with the KNOWLEDGE about their problems giving them the POWER to take CONTROL of their lives and shape their future. This is achieved through education - challenging common attitudes, language and beliefs that reinforce and justify helplessness. This gives people the knowledge and ability to make simple life changing decisions whilst understanding and valuing RESILIENCE.

Central to our core values and beliefs are that every person has the ABILITY, RESPONSIBILITY and RIGHT to change their lives and circumstances through SELF DETERMINATION. At Intuitive Thinking Skills we promote and instil CHANGE through EDUCATION and POSITIVE ACTION. Key to this is personal responsibility, empowering people through education to fulfil their potential.
**What we do**

We deliver classroom style learning around dependency towards DRUGS, ALCOHOL, BENEFITS, and STATUTORY SERVICES which has become a consistent factor across our sectors. We help services address the challenges of getting people to MOVE ON after many years of both relying on state funded lifestyles and the struggle of shaking off old ATTITUDES, LIFESTYLES, SUBSTANCES and PROBLEMATIC BEHAVIOUR.

Key to changing ATTITUDES is the need to build culture change by embedding BEHAVIOUR, LEARNING and EXPERIENCE that supports the shift in thinking; encouraging ambition and belief in the individuals’ ability to overcome problems no matter how big or small. Developing motivation, personal responsibility and ambition is key to planning, communication, ETHICS and VALUES. The sessions will help identify, enhance and develop these skills and attributes.
**i-DEAS® Modules**

**i-DEAS®** modules deliver bespoke yet structured learning sessions which can be completed stand alone or as a set of learning. They are specifically written to teach key skills sets which provide focus, motivation and planning for people engaged across a range of public service environments, such as employment, criminal justice, specialist housing etc.

- **Employment Services**
- **Criminal Justice**
- **Drugs & alcohol services**
- **Domestic Abuse**
